ALEXIEFF READY NOW TO GIVE UP HIS JOB

Reported To Have Asked To Be Relieved
Of His Duties.

Is Said To Have Been Censured---More Landing
- Parties Reported.

RUSSIAN NAVY IS TOTALLY INADEQUATE

St. Petersburg, April 20.—The report that Vice-Admiral Alexieff telegraphed the czar asking to be relieved from duties in the far east is persistently current again today, but nothing official in the matter is obtainable.

WILL STAY INDOORS.

St. Petersburg, April 20.—Admiral Skrilloff, the new commander of the Russian naval forces in the far east, in an interview states that he will profit by Admiral Makarov's experience and says he will make no sorties from Port Arthur harbor as the squadron there has been too much reduced since the loss of the Petropavlovsk to run further risks.

VICEROY REPRIMANDED.

Berlin, April 20.—The Morgen Post learns that the Czar has telegraphed Viceroy Alexieff complaining of the inefficiency of the Port Arthur fleet, and reprimanding him for incompetency.

ONLY FOUR REGIMENTS.

Tien Tsin, April 20.—According to a report received today the Russian forces have withdrawn from the Yalu river. The report says the Russians have only four regiments left on the river bank now.

JAPANESE HAVE LANDED.

London, April 20.—The St. Petersburg correspondent of the Central News, wires that a report is current there that the Japanese have landed in force near New Chwang.

BURNED JAPANESE HOUSES.

London, April 20.—Central News has received a dispatch from its Tokio correspondent stating that a telegram received there reports that 35 Ossackas arrived at Syenchie, on the seacoast of Korea Tuesday and burned all the Japanese houses in the city.

NO RESPECTER OF PERSONS.

Paris, April 20.—The St. Petersburg correspondent of the Petit Parisien says that when it was asserted that one of the two Japanese caught in an attempt to blow up the railroad near the Mongolian frontier was a member of the Imperial family, instructions were asked from St. Petersburg. The reply, according to the correspondent was "hang" and the order was promptly carried out.

HAS 300,000 MEN.

St. Petersburg, April 20.—It was claimed by the general staff today that Gen. Knopatkin now has 300,000 men at the theater of war, sufficient for present requirements. A prominent officer of the staff informed the correspondent of the Associated Press that the dispatch of troops to the far East has been suspended for the present. Gen. Baron Stakelburg has been given command of the First East Siberian corps, to which belong the advance forces, Gen. Kashtalinskiy being in command of the Third division at the Yalu river.

It is positively asserted that the Circum-Baikal railroad was connected a few days ago. The line will not be opened to troop trains or passenger traffic for two months.

THIRTEEN KILLED

AVALANCHE STRIKES THE HAMLET OF MUHLBACK AND THE PLACE IS WIPE OUT.

Brieg, Switzerland, April 20.—An avalanche from the Spitzhorn swept the hamlet of Muhlback. The inhabitants were asleep at the time and thirteen were killed.

LIVE BIRD MATCH TOMORROW

The inclement weather this morning prevented any shooting at the Gun club grounds, but this afternoon, the weather having cleared some, it is expected to have at least a few matches.

The cold rain and sleet continued for several hours, often covering the ground to the depth of half an inch before melting. The lowest temperature reached last night was 35, but this morning the mercury began to rise, and it was the opinion of Government Observer Bornemann that it would continue to rise.

The freeze feared tonight by farmers and truck gardeners Observer Bornemann does not believe will materialize, as the indications are for a moderation, instead of a fall in temperature.

According to Observer Bornemann, considerable damage has already been done in this section to fruit, berries, etc. While it is not likely that the damage has been very great, it has been something, and today's sleet has done further damage. One cause of the damage is the awkwardness of the crops caused by the late spring.

The live bird matches will be pulled off tomorrow, and a number of additional visitors are expected to participate in the sport. Always a number wait until the live bird events take place to go to a tournament.

Guy Ward, of Reelfoot Lake, carried off the honors yesterday although he is an 18 year old lad. He is a son of P. O. Ward, a well known marksman and sportsman, and yesterday got 47 out of 50 targets, and greatly surprised the older heads. It is predicted that he will some day boast of the championship of the country.

The money yesterday went to the following: Guy Ward, \$38.25; P. C. Ward, \$36.25; Moses Starr, \$30.05; W. A. Davis, \$22.85; W. B. Kennedy, \$22.37; Armstrong, \$28.25; Mercer, \$21.75; Hillman, \$15.25; Prokes, \$12.85. Others won in smaller sums. For the professional high average yesterday Harold Money and Spencer tied, each getting 237 out of 250. Moses Starr, Paducah, comes second with 230 out of 250, and won the amateur high average. Today's shooting will decide who is entitled to the cup.

BILLY BOY

INTIMATES THE DEMOCRATS
WILL ATTEMPT "CON" GAME.

Lincoln, Neb., April 20.—W. J. Bryan last night gave to the press the following statement concerning the action of the New York Democratic State convention:

"I do not think the instructions will give Judge Parker any additional strength, but the platform adopted by the convention ought to prevent his nomination, unless the Democrats when they assemble at St. Louis decide to attempt a confidence game on the public."

HOTEL BURNED

GUESTS ALL ESCAPE AFTER AN
EXCITING TIME.

Morehead, Miss., April 20.—Fire last night destroyed the Colonial hotel and five residences entailing a heavy loss. The guests narrowly escaped from the hotel, but no one was hurt.

Mr. W. J. Cowper, an attorney from Smithland, is in the city.

SLEET, SNOW, RAIN ALL IN ONE DAY

Remarkable April Weather for
This Part of the Country.

Great Damage Is Feared to Crops
and Garden Truck, Already
Scarce.

A FREEZE IS NOT EXPECTED

Blizzards in April may not be entirely unprecedented, but such weather as the clerk gave this section today is certainly unusual, to say the least. Fair and warmer weather was yesterday's prediction for today, but before daylight flakes of snow began to fall. There was rain and snow alternately until about 7 a. m., when sleet began to fall.

This continued several hours, and was very discouraging to the marketeers who claim that a great deal of damage has already been done.

The cold rain and sleet continued for several hours, often covering the ground to the depth of half an inch before melting. The lowest temperature reached last night was 35, but this morning the mercury began to rise, and it was the opinion of Government Observer Bornemann that it would continue to rise.

It is claimed up in the peach belt of Kentucky that much damage has been done there by the sleet and cold. The peach buds had begun to open everywhere, and during some of the time there has been a minimum temperature of 25 degrees. It is estimated that the loss will possibly reach thousands of dollars.

What the people in this section fear most, however, is injury to vegetables. They are already high, and were today only beginning to become reasonable when the cold snap came. Some of the vegetables have been almost prohibitive in price, especially when compared to the prices which prevailed this time last year.

Southern vegetables shipped here usually in large quantities at this season, are conspicuous by their absence, almost, this year. While the vegetables from the Southern market are here in small quantities, they sell at high rates, and the truck gardener here will be unable to compete because the gardens have been retarded by cold.

Even Irish potatoes have gone up. Two or three weeks ago potatoes that went begging at 96 cents are now selling for \$1.25 the dealers are glad to get them at any price.

It will probably, however, be several days before it can be estimated what the total damage will be.

Mr. O. Cooper, of Epperson, Ky., in a telephone message to The Sun today reports a very heavy fall of sleet in that neighborhood and that the trees and grass are sheets of ice. Mr. Cooper is 60 years old but he never before saw such weather.

UNDER GUARD

MINER OFFICER TO BE TAKEN
TO DENVER.

Telluride, Colo., April 20.—General Bell, with officers and troopers as a guard, left today with President Charles Moyer, of the western federation of miners for Denver, where he will present the union leader to the supreme court, where a writ of habeas corpus suit comes up before that tribunal. Gen. Bell at first refused to turn Moyer over to the court.

SULLEN MINERS BREW TROUBLE

Attempted to Take the Town at
Garrett, Pa.

Several Perish in An Incendiary
Fire—Sheriff Has An Armed
Posse.

WILL KEEP DOWN TROUBLE

Somerse, Pa., April 20.—Sheriff Coleman reports everything quiet at Garrett. The miners are sullen and have little to say of the occurrences of the last three days. The funerals of six victims were buried this afternoon. The saloons are closed and the town is in the hands of officers.

Last night the strikers took the town.

At least 200 shots were exchanged between the mob and men.

At the house of Joseph Jocko, an Italian grocer, the lamps were extinguished by shots fired through the windows and the family spent the night in terror. The dwelling of Jerry Meyers, a miner who formerly worked for the Garrett Coal company, was discovered on fire. Mrs. Meyers her two daughters, one son and two small children perished in the flames. Mr. Meyers and a brother named Sullivan dashed through the flames to safety. It is believed the fire was started by incendiaries. The Meyers house occupied a site on a hill outside the borough in full view of the town and the hundreds of people who rushed to the scene were helpless to rescue the women and children.

Coroner Louther wired the sheriff that the situation was extremely critical.

The sheriff's posse reached Garrett last night, and all the officers are armed with Winchesters and will be prepared to enforce the law.

The prosecution against the Herald, it will no doubt be recalled, was occasioned by the publication some time during the last state campaign, that Mr. McChesney was using state funds to prosecute his individual canvas, which was not true, and was at one corrected by the Herald.

Mr. McChesney, then superintendent of public instruction, went to Livingston county, his former home, and had the paper and its employees indicted and the fine assessed against the paper by the jury yesterday was probably no surprise. It is probable that the cases against the Herald men will not come up for several months yet.

LOCALS DEFEATED AGAIN BY MEMPHIS

11 to 8 was the score at Wallace Park.

Small Crowd of Fans Out to See the Indians Slaughtered Once Again Already.

LOCALS GO TO EVANSVILLE

The Memphis Southern league baseball team again defeated the locals at Wallace park grounds yesterday afternoon by a score of 11 to 8. There was bad playing on the side of the locals but good hitting was done and the bad plays were excusable because of the bad weather and the superior class of tall players against them.

Brahic and Land was the Paducah battery while Memphis used two pitchers, Swalm and Goodwin. Neither pitcher of the visiting team did extraordinarily good work and Goodwin was hit freely in the last inning.

The game started off with five bad errors for Paducah in the first inning, which netted five runs for the visitors. The locals failed to tally until the fourth inning when Barlow walked, Gilligan retired on a foul pop up and Virgil string out a hard liner to left field. Virgil struck out and Bateman was struck by a pitched ball. Land followed Bateman in batting order and struck a waist ball full in the face, lining it to right center field and bringing in Bateman and Violet. Barlow had in the meantime come in on Violet's hit to the field. Paducah tallied again in the eighth inning and scored four runs by terrific hitting in the ninth, making a total of eight runs, three being earned.

Memphis tallied once in the third, three times in the fourth and once in the seventh and eighth innings, making a total of 11 runs, only two of which were earned.

The heavy batting was done by Barlow, who was twice up and got a single and a double; Virgil, who was sometimes up and got a triple and double; Violet, Bateman, Land, Nippert and Brahic who landed singles.

The batting done by the visitors was well distributed, Walters getting one home run over the fence, Beecher getting two doubles, Whistler and Swalm a double each; Belt, Keenan and Goodwin failed to hit at all.

The game by innings:

1	2	3	4	5	6	7	8	9	r	b	
Pad.	0	0	0	8	0	0	1	4	8	11	11
Mem.	5	0	1	8	0	0	1	0	11	11	2

Lloyd, umpire.

The only double play made in the game was when Bateman took a hot liner from Duncan's bat and threw out Beecher who had run off first base. The game was not slow, notwithstanding the many errors, and Brahic did excellent work in the box, allowing so few hits and striking out five players.

This afternoon the last of this series will be played which will end the ball playing here for several days, the local team starting to Evansville tomorrow for a series of three games. Brady, who has been ill, will go in the box Saturday against Evansville, being his first appearance in Paducah uniform since his signing in this league.

President Sam Jackson today received a complimentary pass from Secretary Farrell, of the National association. The pass is complimentary to Mr. Jackson because of his position in the baseball world, president of the local association. It admits him to all baseball games in all leagues under the national agreement.

This afternoon there will be no game of baseball at Wallace park on account of the weather and tomorrow the locals will leave for Evansville to open a series of three games Saturday, Sunday and Monday. The team will take the boat back and will return home probably on next Wednesday.

President Sam Jackson today received a letter from T. E. Carroll, manager of the East St. Louis team, which was sorely defeated here last week, congratulating the locals on their victory over the Diehls.

The next exhibition game to be played here will be played next week probably by the locals and an independent team from Hopkinsville. No date has been arranged, however.

Brahic made good yesterday and has been signed to pitch for the locals. He did excellent work and showed the

WITHOUT WARNING

Young Lady Snatched From Life Last Evening.

Miss Stephen Became Ill in the Morning and Died in the Evening.

Miss May Stephen, aged 16, died suddenly last evening at 8:30 o'clock at her home in Rowlandtown from a clot on the heart, it is supposed. The young lady had been office girl at Dr. J. W. Pendley's office on Broadway, and was apparently in good health yesterday morning, but becoming slightly ill during the day, she went home. Her mother and three brothers were at their respective places of employment, so she retired. When her mother returned home early last evening she found her daughter unconscious. Drs. Pendley and Griffith were summoned and did everything possible but it was impossible to revive the young lady, and she soon breathed her last. The deceased was polite and modest and had made many friends by her ladylike demeanor. She leaves besides her mother, three brothers, Ollie, Charles and Robert Stephen.

The funeral took place this afternoon at 4 o'clock, and the burial was at Oak Grove.

IN HOVEL

A MEMPHIS WOMAN OF MEANS IS FOUND DEAD.

Memphis, Tenn., April 20—Mrs. Mary Harmon, a 70 year old hermit, with property valued at over \$25,000, was found dead in a hotel. Her legs and arms were burned in a peculiar manner, and there was a gash on the side of her head suggesting foul play.

A letter was found from her nephew, L. H. Hill of Louisville, Ky., advising her to sell a certain piece of property for \$11,000.

BROUGHT IN DOGS.

A farmer came to town yesterday afternoon with seven dogs in his wagon. He said he heard that Chief Collins was paying 25 cents each for dogs, and thought he might as well dispose of his, as it was generally conceded in the neighborhood that they were "no count." Chief Collins said he was trying to keep the dogs out of town, not get them in town, and that if the gentleman from the bushes didn't take the animal back home, he would be placed in jail yard in the county.

A BITTER DOSE

Is Promised Lindo Murphy, the Bootlegger.

No Witnesses Present This Morning and the Case Went Over Until November.

Lindo Murphy, "King of Bootleggers," will not be tried this term of federal court, no witnesses against him having shown up. Judge Evans continued the case with instructions to the deputy marshals to have the witnesses summoned and at the court house at the next term when Murphy will without fail be given a hearing.

Murphy will be placed under a \$1,000 bond if the federal authorities ever catch him out of the criminal courts, and this will be a hard matter to accomplish as Murphy is now being confined in jail at Clinton serving out a \$600 fine for bootlegging. At Hickman he stands under a \$400 fine and at Mayfield has fines aggregating \$900 with ten more indictments to be heard from standing against him. He justly deserves the title of "King of Bootleggers" and is proud of it too.

When speaking upon the continuance this morning Judge Evans stated that he would certainly fine Murphy the fullest penalty if the jury found him guilty. He ordered Major Sanders, who brought Murphy to the city from Hickman, to return him to that city, and clearly expressed his inclination to give Murphy the fullest penalty because of his frequent appearance before the court for violation of the revenue laws. Murphy was taken back today.

EDWARD KYLE, A MACHINIST DIED LAST EVENING.

Mr. Edward Thomas Kyle, a machinist helper of the I. C. shops, died late yesterday afternoon, at No. 10 Huntingdon Row, of la grippe.

He was 35 years of age and left a wife, three children, one sister and two brothers. The burial will take place tomorrow at Harper's grave yard in the county.

Harrisburg, Pa., April 20—The Democratic convention today selected delegates to the St. Louis convention.

The delegates go uninstructed and will vote as a unit in the national convention. Samuel J. Thompson was nominated for supreme judge.

NO MEETING

K. OF P. COMMITTEE WILL HOLD ITS SESSION FRIDAY NIGHT.

There was no meeting last night of the K of P committee appointed to solicit subscriptions for the K. of P. Widows and Orphans' home, as some of the committeemen have not finished their work. The meeting will be held Friday night instead.

BRYAN ALONE

He Does Not Longer Favor Hearst's Candidacy.

It Seems Likely That Parker Will Be Nominated.

Washington, April 20—A bit of exceedingly interesting political news has reached Washington. It is in effect that Mr. W. J. Bryan no longer looks kindly upon the Hearst boom for president. It is related that several of his intimate friends and supporters have told him plainly that he could not afford to give aid and encourage the Hearst circus. In other words, they put a good sized bug in Mr. Bryan's ear as to the personal and political record of Mr. W. J. Hearst.

Since then Mr. Bryan has been as silent as the grave and has gone on his farm to work with his men, absolutely refusing to talk politics with anyone.

Thus does it appear now that in the St. Louis convention Mr. Bryan will stand almost alone for the old platform, and even his hair raising and thrilling oratory will fail to stir or sway the convention, sic transit

It certainly now looks as if Judge Parker would be nominated, but you cannot tell yet for a certainty. With all of the talk about Parker, there are still a good many able and far seeing Democrats who believe that Senator Gorman would, after all, make the most available candidate.

WILL ATTEND

PADUCAH VETERANS TO GO TO THE NASHVILLE REUNION THIS YEAR.

It was asked at the meeting of Confederate Veterans last night at the city hall that all members of the local camp who intend to go to the Nashville reunion, leave their names with Adjutant Grief, in order that it will be known in advance how many to prepare for. The N. O. and St. L. has made a rate of \$3.60 for the round trip, and W. B. Padgett was appointed to ascertain what rate the steamboats will make for the trip. The reunion begins this year on June 14.

The following were elected members last night: F. S. Boyd, of Sloane's battery, of Virginia; W. I. Stanley, of the 22d Tennessee infantry, and M. G. Milan, surgeon of the 5th Tennessee infantry.

The camp banner is being made by Mrs. Joe Flasch, and will be completed next month. The badges recently ordered will be here shortly.

CURES COUGHS AND COLDS.

Mrs. C. Peterson, 625 Lake street, Topeka, Kansas, says: "Of all cough remedies Ballard's Horchonnd Syrup is my favorite; it has done and will do all that is claimed for it—to speedily cure all coughs and colds—and it is so sweet and pleasant to the taste." 25c, 50c, \$1 bottle.

WHEN YOU THINK OF A BLOOD PURIFIER THINK OF SSS

The Most Popular and Widely-Known Blood Purifier
GUARANTEED PURELY VEGETABLE

This is the season that tests the quality of your blood, and if it is not good, then evidences of it will begin to show as the weather grows warmer. Carbuncles and boils, pimples and blotches, and numerous itching and burning skin eruptions will make their appearance, and are sure indications of bad blood. If spring-time finds you with impure, sickly blood, then you are in poor condition to withstand the strain upon the system which always comes at this time of the year. A failure to look after your physical welfare now, by purifying the blood and toning up the general system, may result in a complete breaking down of health later on, and you will find yourself weak and rundown, with no appetite, and a prey to indigestion and nervousness. It is poor blood that makes weak bodies, for it is this vital fluid that must supply vigor and strength to our systems, and upon its purity rests our chances for health. Any impurity, humor or poison in the blood acts injuriously upon the system and affects the general health. It is to the morbid, unhealthy matter in the blood that chronic sores and ulcers are due. The pustular and scaly skin eruptions so common during spring and summer, show the blood to be in a riotous, feverish condition, as a result of too much acid or the presence of some irritating humor or acid poison in the blood. A large per cent. of human ailments have their origin in a polluted, diseased blood, and can only be reached by a remedy that goes into the circulation and uproots and expels the poison and restores the blood to a healthy, natural condition. If

you have any symptoms of bad blood, and are thinking of a blood purifier, then think of S. S. S., a remedy with a long-established reputation and that has proven itself to be a specific in diseases of the blood, and a superior tonic and system builder. S. S. S. contains no mercury, poison, arsenic or other

mineral, but is composed exclusively of vegetable ingredients, selected for their medicinal properties and gathered from nature's store-houses—the fields and forests. The thousands who have used S. I have used S. S. S. this spring, and found it to be a blood purifier of the best order. My system was run down and my joints ached and pained me considerably, and I began to fear that I was going to be laid up with Rheumatism, I had used S. S. S. before, and knew what it was; so I purchased a bottle of it, and have taken several bottles with the result that the aches and pains I had are gone; my blood has been cleansed and renovated, my general health built up, so that I can cheerfully testify to its virtues as a blood purifier and tonic.

OTHER NEWS IN KENTUCKY

Hopkinsville, Ky., April 20—The body found at Tuscola, Ill., and believed to be Lewis W. Johnson, of White Plains, Ky., who disappeared on February 14, has been fully identified by his brother. A three-link Odd Fellows' emblem saved him from a pauper's grave. The body when found had probably been in the field for weeks, and identification was made only by a knife, papers and a purse, and the clothing. The remains were in such condition they could not be moved and were buried at Tuscola.

MAYFIELD DEATHS.
Mayfield, Ky., April 20—J. O. Cochran, aged 74 years, one of the leading and influential farmers of the county, died at Farmington, this county, of pneumonia. He was a member of the Masonic lodge.

Mrs. William Cook, aged 88 years, died. She was well known and a relative of W. S. Cook, president of the Mayfield Banking. Miss Helen Harris, aged 19, died of consumption. She was a native of Trigg county and leaves besides her parents four brothers and five sisters.

MINE TROUBLE AT WHEATCROFT.

Madisonville, Ky., April 20—Considerable trouble is reported between union miners and operators at Wheatcroft. The company suspended operations a short time ago and announced that the mine would remain idle for an indefinite period, and began buying the tools from the miners. Last week about 50 nonunion men arrived at Wheatcroft and the mines were started again. The union miners notified the nonunion miners to give up their jobs at once and they have done so and left for their homes.

GEN. ADAIR DEAD.
Hawenville, Ky., April 20—General D. L. Adair died here suddenly of heart failure, aged 75 years. He was a Mexican war veteran, having served with much distinction in many prominent battles. A widow, three sons and three daughters mourn his loss, among whom are I. C. Adair, cashier of the Fordsville bank; John S. Adair, cashier of the Stephensport bank, and at one time county judge of Hancock county, and Miss Dood Adair, postmaster of this city.

PEMBROKE MURDERER RELEASED.

Hopkinsville, Ky., April 20—Ed Mosley, the only one of the nine negroes charged with the murder of an unknown white man near Pembroke last fall, who has not yet been tried, was released on bond in accordance with an order issued at the last term of court. The bond is for \$1,000 and Ned Mosley, father of the man, is his surety.

MAYFIELD'S FREE DELIVERY.

Mayfield, Ky., April 20—Mayfield is not to get free delivery yet awhile. The receipts of the postoffice for the year ending March 31 were over \$10,000, but it is learned from a letter from Washington that the receipts must be \$10,000 or over for the fiscal year, which ends June 30. It is expected they will easily go over that amount.

ST. LOUIS SITE FAVORED.
Frankfort, Ky., April 20—The report of Captain Noel Gaines and Lieutenant Colonel Jonetic Henry to Adjutant General Haly, recommending the St. Louis exposition for a camp site for the Kentucky state guard has been filed. These officers recently made a visit to St. Louis for the purpose of reporting on the site.

TO TRY LEE TURNER.
Pineville, Ky., April 20—The regular term of the Bell circuit court has convened and the first case called was that of the commonwealth against Lee Turner, but it was passed until Friday, April 22, when the court gave warning, it would be tried whether ready or not.

ATTEMPTED WRECK

FAST TRAIN HITS TIES ON TRACK, BUT WAS GOING SLOWLY.

A disastrous wreck to the Illinois Central passenger train No. 24, due in Fulton at 12 o'clock Sunday night, was narrowly averted when the engineer discovered a pile of three ties lying on the track and shot off steam. The engine, however, struck and knocked the ties off the track. If the train had been going at full speed it would probably have been thrown down a steep embankment. The wreck occurred near Abbeville, a small town about ten miles north of Oxford, Miss.

man, and half brother of the mayor, was ground to pieces while switching cars. His home was at Franklin, Ky.

WHAT A KANSAS EDITOR IS.

An editor is a millionaire without money, a congressman without a job, a king without a throne. He constructs without a hammer or saw, builds railroads without rails or spikes and farms without a plow. He runs a butcher shop in the journalistic world, and deals out brains for cash or credit. The editor is a teacher, a lawyer, a preacher; he sends truth out to save souls and gets lost himself.—Neodesha Register.

SHILOH PARK

COMMISSIONERS AFTER A TEN DAYS MEETING RETURN TO PADUCAH.

The meeting of Shiloh National Park Commissioners lasted ten days, and yesterday afternoon three of the commissioners arrived in Paducah on the Clyde. They were Major J. H. Ashcraft, Paducah, Col. Cornelius Cadie, Cincinnati, and Major Reid, Chicago. The two latter left last night for their respective homes. Gen. Basil Duke left for Cincinnati by rail via Corinth, Miss. The Paducah party was accompanied by Col. Kinsman, of the pension bureau, Washington.

The Iowa State commissioners did not meet the National commissioners relative to the dedication of Iowa monuments, as the meeting was postponed until the 20th of next month. The Illinois dedication will be May 17th and 18th.

FALLING RIVER

CONTINUES TO LEAVE THE SAND DIGGER AGROUND.

The sand digger is nearly in the river but it will require all today to get her out, it is thought. This morning at 10 o'clock the laborers had succeeded in getting her nose into the water but she hung up here and greater care is necessary in order to prevent capsizing her or breaking her timbers. The sleet and cold rain did not stop the work of launching her into the river, although the workmen were half frozen and wet to the skin. They will continue pulling at the boat until they have gotten her into the river. The greatest trouble has been that the river has fallen faster away from the boat than it has been moved towards the river.

THE ONLY CURE

136 East Fifth Street, New York City, N. Y., June 1, 1903.
I believe that if we all knew the laws of health we would all be well and if sick women only knew the true value of Wine of Cardui they would be saved much suffering and would soon be cured. I have very strong faith in it. I used it for five months for a local difficulty which had troubled me for years and had spent hundreds of dollars in the endeavor to get well. My life forces were being sapped and I was daily losing my vitality with that bearing down feeling which thousands of women know all about. Your medicine cured me. I am enjoying the very best of health now and am only too pleased to endorse your great remedy.

Mrs. C. A. Welch

BALTIMORE MISSIONARY BROTHER

WINE OF CARDUI

Mrs. Welch lives in New York City where the best medical attention can be secured, but she writes that Wine of Cardui was the only medicine which could cure her. A woman who has been saved from a life of suffering by Wine of Cardui when other medicines failed to benefit her has reason to have strong faith in this great tonic.

Mrs. Welch has faith in Wine of Cardui because it cured her. Hundreds of thousands of women have faith in this grand old medicine because it not only cured them, but it continues month after month to ease their pain and give them strength for the duties of life. Should you not give it a trial? Here is a well tried and successful remedy which it is your privilege to take. Nobody can prevent you from securing health. You know that over a million women owe life and health to this great menstrual regulator. A million cured women advise you to take it. Will you listen to their advice? Won't you go to your druggist today and secure a bottle of Wine of Cardui?

DAILY THOUGHT.

"A happy human face is a language all can read, and carries a message none will refuse."

THE WEATHER.

Rain and warmer tonight and Thursday.

One of the principal pleasures in reading modern war news is to see the reading the next day.

The town cow in Paducah must stay off the streets, at least in the night. All caught will hereafter be impounded and sold. This is a good idea.

It begins to look as if the damage to the fruit crop this time is not a joke, but a sad reality. The farmers have bewailed without justification the destruction of crops for so long however, that few will believe it until they actually see it.

There is a fuss up at Louisville over the work on the big water filter being put in. It is rather remarkable that the men of Louisville should become so particular about the water. So long as the other liquor is pure they ought to let the water question rest.

The Hearst campaign in Kentucky begins soon. Judging from indications the editor-statesman is going to make it warm for the "reorganizers." He has more friends in Southwest Kentucky than most people would imagine. It is claimed that all Graves county is for him.

Paducah should be glad the hour of councilmen didn't arrive to entertain the men on the war vessel, if the presence of the distinguished city officials themselves had been necessary on that occasion. We should be pleased to put our councilmen on exhibition no oftener than necessary.

It has been decided to take international steps to abolish the submarine mine and torpedo. It seems that it would be a good thing. It does not indicate either prowess, power or ingenuity to sink a ship with its hundreds of human beings, by a mine or torpedo. That sort of warfare is not fighting, and is really, as claimed by many military authorities, barbarous. In addition, mines planted now may long after a war without warning destroy a ship and send countless souls into eternity.

Hon. W. C. Owen of Louisville, who was yesterday declared the Republican nominee for congress in the Fifth, or Louisville district, is one of the best and most favorably known men in Kentucky. He is a former Democrat who left his party because he could not stand for its populism and other numerousisms. At one time he represented the Lexington

district in congress, defeating W. C. P. Breckinridge for the Democratic nomination. He is a fine, scholarly gentleman and has brought strength to the Republican party. His nomination was wise and if any Republican can lead the party in Louisville to victory next fall he should be an able campaigner, and a good organizer.

It would be hard to estimate the damage and cost to Paducah of the action of a Democratic council a few years ago in repudiating city bonds on which interest had been paid without a question by the city for ten years. First and foremost was the injury to the city's credit. No city stands very high in the financial world when its officials, acting for the people, who in some cases, unfortunately, as in this one, cannot act for themselves, repudiate an honest debt which was contracted by and with the consent of the people, which benefited the people, and on which interest had been paid without protest for ten years by the people. In addition there have been other costs. It has cost the city first, in interest and compound interest on the defaulted interest, several hundred dollars. It has cost in attorneys and court fees several hundred dollars more, and last, it cost the city in the end, \$1800 in a lump to get the case off its hands, and cost two hundred dollars or more for court costs. Public opinion may not always be right, but the city council that suffered this outrage on the people would have profited by listening to public opinion at the time, and would have also saved the taxpayers, whose interests they were chosen to represent, much trouble, humiliation and expense.

THE CONVENTION TOMORROW.

The Republicans of Paducah should not forget the precinct conventions to be held tomorrow afternoon at 3:30. McKinley said, "As is your precinct organization, your chairman, so is your party." It behoves the voters, then, to see that proper men are selected as chairmen of their precincts. Select good men, men of standing and influence in the community for these positions. You build a house by first giving it a good foundation, and you build your party also by giving it a good foundation in the way of proper men in every position.

To the business men, to the wage earner, to the salaried man, The Sun wishes to say: Take an interest in your party, especially in the selection of the men who control its management. Give it respectable men in charge and instruct them as to what you want done, and you will find less corruption, less dirty work in election and less graft in city, county and state government.

Let, therefore, every Republican who possibly can attend his precinct convention tomorrow afternoon. The conventions convene at the respective voting places of the precincts at 3:30. Thursday afternoon.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass state could not remedy a bad liver or the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by taking Green's Angust Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. Angust Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits."

BOGUS MONEY MEN ARE CONVICTED

Federal Court Winds Up Its Business Today.

Convictions in Circuit Court—Only

One Criminal Case Now

Left.

NO POLICE COURT TODAY

The regular April term of federal court will adjourn today after a session of three days. Comparatively little business has been transacted. This has been a very quiet term of court and the most important cases considered are those against the Blood river farmers who are charged with making and passing \$20 bank notes.

Those who have been indicted for this offense are E. D. Thompson, Robert Duncan, H. B. Duncan, M. G. Warren and Doss Boatwright. The latter is charged with photographing the original note from which the spurious notes were made.

M. G. Warren considered it necessary to go into trial and pleaded guilty to passing one of the counterfeit bills and was given two years in the penitentiary the first sentence imposed in the case.

M. G. Warren considered it necessary to go into trial and pleaded guilty to passing one of the counterfeit bills and was given two years in the penitentiary the first sentence imposed in the case.

Many witnesses were introduced by the federal prosecutors. Sam Lilly, of Trigg county, was one of the most effective witnesses against Boatwright. He stated that last July in Trigg county Boatwright was traveling about with a photograph outfit and came to him one day with an invitation to visit his photograph tent, which he did. At the tent Boatwright proposed to teach him the art of "making money" by the photograph process. Lilly swore that Boatwright told him he could make such an exact counterfeit of a Mayfield \$20 bank note that he would guarantee him it would pass successfully and was a money making investment. He proposed to teach Lilly the art for \$20 but no contract was made and Lilly did not accept.

Lilly further stated that he was arrested for perjury but did not know who was responsible for it, as soon after his arrest, Boatwright assured him if, Lilly, who was known to have evidence against Boatwright, would be as light as possible on him and tell no more than what was absolutely forced out, he was assured his release by having the perjury case dismissed by the grand jury. Lilly was dismissed in the grand jury examination and this was the last heard of the matter, but it was subsequently developed that Boatwright was responsible for Lilly's arrest and had taken this means to secure Lilly's pledge not to testify against him when the counterfeit cases came up.

All through the trial Boatwright would sit and shake his head in denial to everything of a serious nature said against him.

James Jackson, the negro who was yesterday afternoon tried for robbing United States currency, was found not guilty in one indictment and guilty in two others, but sentence was deferred.

The civil action of W. J. Sizemore against the L. O. railroad was dismissed without prejudice.

This was a case appealed from the circuit court.

Marshal A. D. James returned to Louisville today at noon, having left the remaining business with his deputy marshal, Walter Blackburn.

The Boatwright case will probably be finished late this afternoon. Boatwright testified this afternoon and denied every allegation. He had his camera which he explained to the jury could not take a photograph of the hills claimed to be hogback and at press time the case was still on trial.

James Jackson, the negro who was yesterday afternoon tried for robbing United States currency, was found not guilty in one indictment and guilty in two others, but sentence was deferred.

The civil action of W. J. Sizemore against the L. O. railroad was dismissed without prejudice.

This was a case appealed from the circuit court.

—The Sun starts the best story it has yet published Thursday. It is "The Filigree Ball." Be sure to begin it with Thursday's issue. You will find it the best story you have read in years.

—The police receive complaints every night of cows. Last night quite a herd invaded the residence section near Eighth and Jefferson streets and the police had to be called out to disperse them.

—If you are not a reader of The Sun's continued stories try the one that starts Thursday. It is "The Filigree Ball," one of the best detective stories ever written, one of the best stories of the day.

—Mr. Robert Lax, who was connected with The Evening Ledger as circulation manager, is now employed in the circulation department of the Sun. Mr. Lax will call on Ledger subscribers to collect the subscription accounts and is authorized to issue receipts for the same.

Attorney W. D. Greer went to Princeton today at noon on business.

DESTROYER COMING

Reaches Cairo Today and Passes Paducah Tomorrow.

Will Probably Not Stop On Her Way Up but On Her Way Back.

The torpedo boat destroyer left Memphis yesterday afternoon at 1:40 o'clock for Cairo, and at noon had not reached the Egyptian city, but was expected there every minute. It is not known whether she will come up or not, but if she tries she can reach Paducah before night and anchor here. The boat does not travel at night.

It is possible, however, that she will remain at Cairo tonight, and pass Paducah early in the forenoon. She travels with the speed often expressed train and is quite a curiosity.

The Nashville was able to get under the bridge at Memphis today, and will proceed at once to St. Louis. The Lawrence is expected to be there to join her April 29.

At 3 o'clock this afternoon a telephone message from Cairo said that the Lawrence had just come in sight of that place. If it comes up it would hardly reach Paducah before dark.

FAST STEPPING

FAIR GROUND TO BECOME HOME OF MANY BLOODED ANIMALS.

Mr. H. C. Harris, of Union City, Tenn., has leased from Dr. S. B. Caldwell the West End fair grounds and will soon reach here with the following horses:

"Charlie Cook," 2.19 1/2, pacer; "Sheal," 2.17 1/2; "Robert Bivens," 2.29 1/2; "Grey Jing" fast green pacer; "Wade Allen," three years old, a full brother to "Brookdale Girl," 2.14 1/2.

Mr. Harris has been guaranteed eight horses by local horsemen and soon has sport promised to lovers of horseflesh in watching the fast steppers, as horses of the class named, have never before been handled over the local track.

SAWDUST PILE

CAUSES A SMALL BLAZE AT THE REIKOPE TAX YARD.

A sawdust pile at the Reikope tax yard caught fire this morning and burned for some little time. The fire departments were called out and after fighting the smoldering flames for several hours, succeeded in putting the fire out.

—Lee Walters, the negro shot Saturday night, continues to get along apparently well at the city hospital, and although not feeling so well today, does not appear to be in any danger.

—Mr. John Beabout and wife are here from Cedar Bluff to locate. Mr. Beabout will go with the H. H. Lowing insurance company.

Mrs. Joseph Lacelle, Ottawa, East, Ont. Canada, writes:

"Peruna is better by far than any other medicine sold in the Dominion for the troubles peculiar to the sex. I suffered with backache, headache and dragging down pains for over nine months, and nothing relieved me a particle until I took Peruna. A few bottles relieved me of my miserable half-dead, half-alive condition. I am now in good health and have neither ache or pain, nor have I had any for the past year. If every suffering woman would take Peruna they would soon know its value and never be without it."—Mrs. Joseph Lacelle.

Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. It is a medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine it is as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county court clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much, with one bottle I have no doubt by continuous use will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly,

AFRAID OF RAILS AT BROOKPORT.

Steamboats Will Cut Out the Illinois Port.

Two Steamers Damaged By Landing Against the Sharp Tracks of the I. O.

THE DICK FOWLER A VICTIM

The passenger steamboat, according to river men, will cut out Brookport, Ill., on account of the danger from the I. O. tracks which extend down into the river. These tracks cut up the river front into many sections, and were built for the tie train which has increased to such enormous proportions within the past few years.

Yesterday a hole was found in the ferryboat Bettie Owen and there were two feet of water in her hull before it was discovered. The hole is supposed to have been knocked in her hull by contact with one of the sharp rails at the Brookport landing.

The Cairo packet Dick Fowler, it is claimed, ran onto the tracks a day or two ago, and was for a time aground. She bent the rails, and at the same time knocked a small hole in her side. This hole is not sufficient to interfere with her business, but this afternoon she will be pulled out on the Mound City ways and the damage will be repaired. She will doubtless be detained only a short time and will return this evening as usual, and be ready to make her regular trip to Cairo tomorrow.

An official of the packet company said today that the Fowler would stop at Brookport longer no more. "The river front is ruined by those tracks," he declared, "and we go down below the city to make our landing, which is not very convenient to us or the people, but is better than ruining the boat on those tracks."

It is understood that something will be done to secure the removal of the tracks but nothing definite has yet been decided on.

VERY ROUNDABOUT

COFFEE TRAVELS A LONG DISTANCE TO REACH CHATTANOOGA.

Captain Frank Brown, of the steamer Chattanooga, reports an unusual instance of where the freight men of the country get left by men who can figure things out better than they. Captain Brown's boat arrived yesterday from Chattanooga, and in her cargo was a car of coffee shipped from New York. It was to go to Trotter Bros., at Chattanooga, but it was learned on investigation that the rate from New York to Chattanooga was 4 cents a hundred pounds more than from New York to Brookport, Ill., thence to Chattanooga by river. Therefore, the coffee men shipped the coffee to Trotter Bros., Brookport, Ill., care of the steamer Chattanooga. The coffee was accordingly sent through Chattanooga, brought to Paducah and there being no transfer boat here, was taken around to Cairo, thence to Carbondale, Ill., and around to Brookport and loaded there on the steamer Chattanooga to be taken back to Chattanooga. And this long route, several hundred miles longer than necessary, cost four cents less than it would have cost to bill the coffee direct from New York to Chattanooga.

CARS DERAILED.

ACCIDENT AT GRAND RIVERS REQUIRES SERVICES OF WRECKER.

The I. O. wrecker was sent out from here yesterday afternoon at 5 o'clock to pick up two cars of iron at Grand Rivers.

The cars were backed off a siding yesterday and went several yards down hill, rendering it impossible for the switch engine to pull them back. The wrecking crew returned this morning early, after setting the cars on the rails again.

NEWS OF
THE RIVERS.

Observations taken at 7 a. m. River 23.5 on the gauge, a fall of 2.0 in the last 24 hours. Weather cloudy and cold with light drizzling rain. Temperature 35 with east winds. Indications for sleet or light snow.

SAUNDERS A. FOWLER,
Local Observer.

The Joe Fowler is today's Evansville packet.

The Castalia has gone into Hatchie river for ties.

The Clyde will go out tonight for Tennessee river.

The Tennessee is due Friday from Tennessee river.

The Avalon has been repaired and is running again.

The Butler left at noon for Nashville with a good trip.

The Dick Fowler cleared on time this morning for Cairo.

The Royal arrived and departed on time today for Goleonda.

The Savannah passed up Tennessee river from St. Louis yesterday.

The Chattanooga got away yesterday afternoon late for Tennessee river.

The Iverness is due today from Cumberland river with ties for the Ayer & Lord Tie Co.

The Memphis passed out of Tennessee river on route to St. Louis this morning at three o'clock.

A new and powerful tug is being built at New Orleans to accompany the Sprague on her trips to New Orleans with big tows of coal.

Mr. L. G. Evans and daughter and Miss Irene Crane, of the Savannah, are making a round trip on the boat, and passed Paducah last night.

The Charleston has gone to the bank here and will in a few days be repaired. No boat will run in her trade during the time she is repairing.

Capt. V. A. Bigelow, one of the pioneer steamboat men of the upper Mississippi and former owner of the Jessie H. Warsaw, Eclipse and other boats, is dead at LaCrosse, aged sixty years.

Mr. J. B. Lord, president of the Ayer & Lord Tie Co., is in the city today on business. This is Mr. Lord's first trip here since his return from Egypt and he will remain in Paducah several days.

The river men were all blocked off from work this morning by the sleet and cold wave and few were working. The water stage had been so high that little could be done, and now that winter weather has come again, they are again stopped from work.

When the City of Memphis reaches St. Louis this week and starts out for Tennessee river again Saturday, she will have on board about 75 excursionists. They will be mostly school teachers from Chicago who have for five years annually made the trip up Tennessee river.

Soon as spring shows her face and winter pack's its grip and goes business will improve all along the Ohio river. Bad weather and worse roads have kept farmers from going to the landings along the river to ship their stuff and stock on the packets. A few days of sunshine and pleasant weather will produce a lively change in the river business, and the packets will bring in and take out better cargoes than they have been doing for some time. The city wharf will soon present a lively scene of business activity.

The high water has developed some peculiar things in the Wabash river. Near the mouth of the Little Wabash a waterfall appeared with a fall of eight inches and it was only with difficulty a steamboat could get over it. The fall is over 100 feet long and in the center of the stream. There is no apparent reason for the phenomenon and no one can explain its formation. Near the Rowe farm in the flats another waterfall formed which has a fall of six inches. Several persons tried to get over it in skiffs, but could not. The noise and roar could be heard several miles away.

The death of Capt. J. J. Powers was generally mourned by the citizens of Vicksburg, where he lived and died. It was his genius, pluck and enterprise along with that of Capt. A. F. Nutt, that built that company up to its present high standing and produced the Bells of the Bend. When Capt. Powers first discussed the question of building that craft on the lines contemplated by him, his associates attempted to dissuade him, but he

persisted and the subsequent history of the boat and of the line consequent on her being brought out, fully sustain his ideas and speaks volumes for his enterprise and public spirit as a true developer.

The Sprague went into the port of New Orleans from Pittsburgh with a hauling power of 50,000 tons at an innumerable loss cost than the 181-ton locomotive engine could have handled. Loading up with 56,000 tons of coal at the Smoky City, the Sprague delivered them in safety in the wharfs of the Crescent City, and thought nothing of preening her plummage over the result. That is to say that while the behemoth staggered into the station, panting and blowing and bragging of a haul of 4,000 tons the steamer ties to the wharf and delivers over 56,000 tons with a snort or a puff of pride, perhaps, but one to which she is fully entitled. In the haul of the Sprague there is something of a denial of the assertion of President Hill that the clock struck 12 for the Ohio and Mississippi twenty years ago.

VEHICLE PARTED

AND TWO UNDERTAKERS HAVE
A NARROW ESCAPE.

Mr. Will Habey and Mr. Fred Roth, of the Ellinger Undertaking establishment, had an accident to their buggy, on Huntington row, last night, which might have resulted seriously. They were on their way to No. 10 Huntington row, to answer a call, when the buggy in which they were driving suddenly became uncoupled and separated.

Both were thrown out, and Mr. Habey's nose and one hand were badly cut and bruised, but Mr. Roth escaped injury. Fortunately their horses did not run, and no serious damage resulted from the accident.

ASSOCIATION MET

RETAIL GROCERS TO ELECT
OFFICERS NEXT WEEK.

There is to be a revival of the Retail Grocers' association in Paducah. It held regular meetings last fall, and then ceased to meet. Last night at Eugene & Bryant's it met and reorganized with about 20 present, and next Tuesday night another meeting will be held for the purpose of electing officers.

London.—The submarine boat A1, which was run down by the steamer Berwick Castle, March 18, has been raised.

PRESBYTERY MEETS.

A LARGE CROWD ON HAND AT
OWENSBORO.

Owensboro, Ky., April 20.—The Muhlenberg Presbytery of the Southern Presbyterian church is in session here. The opening sermon was preached by Rev. G. M. Bell of Greenville. The attendance is large and much interest is taken in the proceedings.

Rev. W. L. Nourse, of Hopkinsville, was elected moderator, Rev. G. M. Bell, of Greenville, stated clerk and Elder W. E. Glenn, of Barren county, recording clerk. The reports of churches will be made tonight.

FUNERAL HERE.

The remains of Mrs. Thomas Hudson arrived here this afternoon from Fulton, and the funeral will take place tomorrow morning at 10 o'clock from the residence of Mrs. Margaret Murray, 319 Monroe street. Rev. W. H. Pinkerton will conduct the service and the burial will be at Oak Grove.

The Board of Philanthropy will hold a meeting this evening, but it is not known what will come up before it for action.

AFTER COWS

ALL CAUGHT LOOSE WILL BE
IMPOUNDED.

The officers on the north side depot bent arrested one Jersey cow and three calves for entering yards and eating grass. Two of the bovines were in Mrs. Lloyd Boswell's yard and were immediately driven to the city pound in the rear of the city hall. It costs fifty cents per day to all owners who fail to keep their cows up if they fall into the hands of the officers.

If the owners of these cows do not call before Saturday, the court has adjuged that they be sold to the highest bidder at public auction.

Chief Collins is determined to have the cows kept at home and in their barns hereafter and had ordered his men to bring in all bovines found running about and cropping grass in private residence yards.

CHILD'S FUNERAL.

The funeral of James, the little son of Mr. and Mrs. J. C. Utterback, took place this morning at 10 o'clock, from the family residence on Jefferson street. The services were conducted by Rev. W. H. Pinkerton and the burial was at Oak Grove.

JAMES IS WILLING

BUT HE IS NO CANDIDATE FOR
DELEGATE AT LARGE.

Washington, D. C., April 20.—The Democrats of the First Kentucky district will present the name of congressman Ollie James to the state convention as a candidate for delegate at large to the National convention.

They assert that Congressman James' party services on the stump, and his record in the house, entitles him to this recognition.

Congressman James says he has received letters from all parts of the state containing pledges of support, and while he would appreciate the honour he has not announced his candidacy and is willing for the state convention to make choice.

Topeka, Kan.—The grand jury returned indictments against twelve Kansas City liquor dealers for shipping whiskey into Kansas without paying revenue therefore. Their names have not been made public.

Rich Hill, Mo.—In the western part of this county, near Hunno, an unidentified man, supposed to be A. C. Cox, of Kansas City, was killed by a Kansas City Southern train on which he was stealing a ride.

WILL LIVE

PROSPECTS FOR NEIDERMEIER'S
EXECUTION GOOD.

Chicago, April 20.—County Physician McNamara said today that Neidermeier, the bandit, would live to die on the gallows Friday. Neidermeier's throat and stomach are in such a condition that he can eat no solid foods. Non-nutritious, however, is given him in every spoonful of medicine.

METHODIST REVIVAL

Services were held yesterday afternoon and last night at the First Methodist church and were well attended. Rev. T. J. Owen conducted the meeting yesterday afternoon and Rev. T. J. Newell preached an excellent sermon last night on "Jesus Christ in the Darkness." Services are being held this afternoon and will be conducted again tonight at 7:15.

The service this afternoon is being conducted by Rev. W. B. Hamilton, of the Third street Methodist church. The revival is growing in interest.

PASTE IN YOUR SCRAP BOOK.

Wax, resin and turpentine pitch may be removed with pure alcohol. And rain water and soda will remove unchine grease from washable goods. Hard pitch may be softened with lard and taken out with turpentine and soap. Fruit stains may be stemmed out by pouring on boiling water or by dipping in sour buttermilk and drying in the sun.
